

Covenants Committee

This committee would meet at community hearings at the clubhouse as needed with owners who have received multiple notices for breaking community rules that continue to be in violation. The committee would attempt to resolve the situation, or recommend fines for non-compliance. It can be tough to volunteer on this type of committee when those coming to the hearing are your neighbors, but it is very important to have this committee assist the Board by helping to enforce the rules of this deed-restricted community.
